

## Colorado Primary Care Collaborative

Feb. 2017

Dear CPCC Supporter:

**The Colorado Primary Care Collaborative (CPCC) would like to invite you to participate as a supporter of our exciting initiative and the June 8, 2017 convening event.**

### **VISION**

*Patient-centered comprehensive and coordinated primary care services sustained through practice transformation and payment reform resulting in improved health for individuals and communities.*

### **MISSION**

*The Colorado Primary Care Collaborative (CPCC) is dedicated to advancing primary care via the patient-centered medical home (PCMH) and other value-based primary care models by focusing on delivery reform, payment reform, patient engagement, workforce training, and benefit redesign.*

The CPCC is a broad coalition of health care providers, business leaders, patient advocacy and special interest groups, insurance brokers and health plans. Your participation in the collaborative will ensure your voice in our broad coalition.

To achieve our mission, we work in partnership with our members and fellow medical home advocates to promote the vision of the CPCC to patients, purchasers, businesses, health plans and government by:

**Disseminating results and outcomes** from medical home initiatives and clearly communicating their impact on patient experience, quality of care, population health and health care costs.

**Advocating for public policy** that advances and builds support for primary care and the medical home, including payment reform, patient engagement, and employer benefit initiatives.

**Convening health care experts, thought leaders, and consumers** to promote learning, awareness, and innovation of the medical home model.

The CPCC will convene a meeting on June 8, 2017 during which you will be able to hear details about health care initiatives in Colorado and how to advance medical homes and payment reform.

Please let us know if you would be interested in supporting this exciting organization and the June 8, 2017 meeting. We welcome any contributions. Please see the attached form.
